Construction Update: I-5 - S. 317th HOV Direct Access **Military Road South to South 320th Street**

Last week, crews sealed joints between concrete panels on I-5; this work will continue on northbound I-5 this week. We're paving southbound I-5 near the S. 320th exit in preparation to shift traffic off the temporary roadway in June, and we're working at the west end of the S. 317th bridge. Please visit our Web site to view the [latest I-5 - S. 317th construction photos](#).

Construction Update: I-5 HOV Widening

South 320th Street to the King/Pierce County Line

Crews continue re-striping southbound lanes to shift traffic away from the median in preparation for HOV lane construction. We're also grinding pavement to remove bumps and improve traction on the far left lane of northbound I-5. For more project information, please visit our [I-5 HOV Widening Web site](#).

June Bus Service Changes
